DR. CHING FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skill of three first-class American physicians. Lattory bronchitis attacked my right lung, and my eyes became wfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit and find relief. Respectfully,
JOHN RENTON, of Kentucky, U. S.

Esquimalt Graving Dock.

THE GOVERNMENT OF BRITISH Columbia are prepared to receive Tenders for the construction of a Graving Dock, at the Naval Station, Esquimalt Harbor, under the guarantee provided in the Twelfth Section of the Terms of Union of this Province with the Dominion of Canada, with Section is in the following words:—
"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the work, at the rate of five per cent. per annum, on such sums, not exceeding £100,000 sterling, as may be required for the construction of a first class Graving Dock at Esquimalt."
The Dock to be of masonry, and of not less than the following dimensions:—
Length on floor 370 feet,
Do. over all 400 feet,
Width between copings 90 feet,
Do. on floor..... 45 feet,
Do. of entrance..... 63 feet,
to afford a depth of water on the sill of not less than 28½ feet at high water springs, and to be substantially constructed to the approval of Government, upon a site to be provided by the person whose tender may be accepted.
Further particulars as to site, borings, &c., may be obtained from T. A. BURDEE, Esq., Chief Engineer to Government, upon application in writing to the Chief Commissioner of Lands and Works.
Tenders must specify the time within which the Dock will be completed, and must be accompanied by drawings and descriptions showing exact dimensions, materials, and mode of construction of proposed Dock.
Tenders are to be sealed, superscribed "Tender for Esquimalt Graving Dock," addressed to the Chief Commissioner of Lands and Works, Victoria, British Columbia, and delivered at his office before noon of the 15th day of November, 1872.
Persons who may consider the above guarantee to be insufficient, are at liberty to tender on the basis of such supplemental guarantee by the Provincial Government, or upon such other financial inducements, as they may suggest.
The Government do not bind themselves to accept the lowest or any tender.
Each tender must be accompanied by a Bond from the Contractor, and two sufficient sureties, for the payment of £10,000 to Her Majesty, her heirs and successors, conditioned upon the due fulfilment of the tender which it accompanies, provided it be accepted within three months from the said 15th November.
By Command.

"Federal Faith."

Our local contemporary must have been hard put for something to write about yesterday, or it would not have presented such a lame apology to its readers on behalf of the Federal Government of the non-fulfillment of the obligations entered into with the people of this Province touching those expenditures on Dominion account for which appropriations have been made and the money voted. It strikes us the Federal Government will not thank the *Colonist* for its unsolicited vindication of their faith, for instead of making the matter appear better than it really is it has made it look very much worse. Such may have been the *Colonist's* motive in penning the article in question. It begins with a misrepresentation, by saying, "a great deal too much has been made of the fact that the Federal expenditures in this Province have not yet been made," and ends by saying its "object is to prevent misconception and consequent prejudice growing up in the public mind by showing that the Federal Government are acting in good faith toward the Pacific Province." Now, the fact is, very little indeed has been said either by the press or the public up to this time in reference to the negligence of the Federal Government in commencing the public works in this Province, and for which Parliament has voted the necessary supplies; but to say that there is not a growing feeling of dissatisfaction at this want of energy and apparent disregard of the local interests of this Province, is to misstate facts and mislead the authorities at Ottawa. It is true that so far we have had only "empty promises," for not a dollar of Federal money has yet been spent on public works, although some $76,000 were voted by Parliament for that purpose. It is no excuse to say that Federal Ministers were so busily engaged with election matters that they had not time to bestow a thought upon the public interests of this Pacific Province. It is the rule in the other Provinces on the eve of a general election to spend every dollar that Parliament has voted, and the object for so doing is very obvious; the more money the Government has to spend, and does spend, the better is it for them. It is that which gives the Government of the day so great an advantage over the Opposition in an election campaign; for while the law stringently prohibits any undue expenditure of money with a view to influencing the votes of electors, the Government are at liberty to spend every dollar that Parliament has voted on public works account; and this, when judiciously used, exerts a most potent influence in favor of the Government at the polls. We, therefore, do not see why British Columbia should have been made an exception to a well established rule, and instead of using the money which Parliament had voted for public works in this Province before election, as they do in the other Provinces, put the matter off until all the elections have been decided. Does it not look as if the Government had less confidence in the people of British Columbia, than the people of British Columbia have in the Government? It is all very well for the *Colonist* to say "we must look to the common interests of the whole Dominion, as well as to that which immediately concerns our own Province," but when the interests of British Columbia are made entirely subservient to the political convenience of the Federal Government, it is not to be wondered at that the people of this Province should manifest a feeling of disapprobation that such should be the case. "Surely," says the *Colonist*, "British Columbia should be the last to taunt the Ministers with making their election sure, even at the sacrifice of delaying the commencement of our local public works." This is simply begging the question. Nobody has "taunted Ministers with making their election sure," but the feeling here has rather been one unmingled satisfaction at the successes which they have achieved from one end of the Dominion to the other. All this, however, could just as well have been effected had the expenditures promised to British Columbia been made, as by holding our interests in abeyance and making them contingent upon Ministerial triumphs. We are now just upon the verge of the rainy season, the most unfavorable period of the year for outdoor labors, and we have yet to see the first practical intimation given of an intention on the part of the Federal Government to keep faith with the people of this Province with reference to the execution of those public works so greatly needed and for which the money has been voted. We require a Custom House, Post Office, Marine Hospital, Provincial Penitentiary, Lighthouses, etc., and it strikes us that if all or any of them are to be completed this year it is high time they were commenced. There are many persons here anxiously waiting to see what the Government intend to do in the matter, and unless something be done soon to give employment to those people they will be compelled however reluctantly to leave the country in search of employment elsewhere. The Dominion Government are very well aware that the people of British Columbia cherish the warmest feelings of good-will toward them, and hence there is the less excuse for the do nothing policy which has been pursued toward this Province. Such a policy is certainly not calculated to increase the confidence of this people in the Government. Hope deferred maketh the heart sick, and to trespass too far on the patience of the people of British Columbia, without a good cause for so doing, is a pretty sure method of shaking confidence in those who thus unfairly treat them.

To the Electors of the Yale, Lytton and Kootenay District.

GENTLEMEN,—Having a sincere desire to see these districts, this Province, and the whole Dominion prosper, I wish to give a helping hand to those patriots who labor for the moral and material wellbeing of our people.

I therefore offer myself as a candidate to represent you in the Ottawa House of Commons.

If I am elected I will strive to uphold the honor, peace and safety of the people, encourage our property, and develop our resources.

I will vigorously uphold all measures tending to our good; and with like vigor, oppose all derogatory to the good of our country and people.

I promise to be ever ready to represent the petitions of my constituents, when right and reasonable; and intend when practicable, consulting them upon the wants &c. of these districts.

It is for you gentlemen to say whether I shall be your representative.

If you have made, or likely to make a better choice, I will not oppose your man, but will assist in electing him.

Your servant
ALEX. L. FORTUNE.

A GALA DAY OF THE VICTORIA FIRE DEPARTMENT.

The Deluge and Tiger Steam Engines Formally Transferred to the D partment.

The Olympia and New Westminster Departments Turn Out in a Parade with the Boys.

Ball in the Evening.

The Victoria Fire Department, yesterday afternoon, in accordance with a formal announcement of the officers thereof, met shortly after 2 o'clock at the corner of Government and Yates streets and marched and counter-marched in the following order to the U. H. & Ladder House: Foremost was the Dominion flag carried by Mr P. Hall; the Olympia Cornet Band next; New Westminster Department of Firemen, two members; deputation of the Barnes Hook & Ladder Co. of Olympia, (and members of the Washington Base Ball Club of same city,) six members; Board of Delegates of V. F. D.; the Deluge hand engine and members of the Co.; Deluge hose cart; Deluge fire engine drawn by George Francis' handsome span of carriage horses; Tiger fire engine to which was attached a fine span of greys; Tiger hand engine, and Company; Tiger hose cart; Union Hook & Ladder truck and U. H & L. Co.; and the Bucket Brigade of same Company closed the rear of the procession. Each of the Companies bore with them the banners, etc., of their respective bodies; the members were attired in full uniform, and together with the large and gay turn out of the citizens, the whole presented a pleasing and animated appearance.

Arrived at the Hook & Ladder House and being drawn up abreast of the same, the guests of the department from Olympia and N. W. were escorted to the Hall of the H. & L.'s and introduced by the Chief Engineer, F. G. Richards, to the Board of Delegates of the Victoria Department. A member of each deputation having returned thanks for the invitation to take part in the ceremonies, briefly replied to the effect, that owing to the late date at which they had received the invitation of the Victoria Department, they were unable to make the necessary arrangements whereby they might be present in larger numbers to join in the proceedings.

Mr. John Dickson then mounted the steam fire engine of the Deluge Company and stated he had been deputed by the officers and members of that Company to pass formally to the Fire Department of the city, the new steam fire engine of the Deluge. The Company had always felt pleased with her performance. He would take occasion to return the thanks of the Company to the Provincial and Municipal Governments for the generosity shown in assisting them to obtain the machine; and if allowed to name one person more than another, for the aid given them, it was Captain John R Fleming. In handing over the engine to the Department, although it might not seem to be the most ornamental, it was always effectual and useful, and would be found to deluge their natural enemy, fire, and save the muscle of the firemen. [Hear, hear.]

Mr. Chas. Gowen, President of the Board of Delegates, replied to the officers and members of the Deluge Co.; he was proud to receive the engine on behalf of the Department, and he congratulated the Company on accepting the terms proposed by the Board. He would state that the Chief Engineer and successors in office, would be instructed to hand the same over to the Company, and he hoped when it was again in their charge they would not forget their motto when called upon to do their duty.

Mr. Simeon Duck, on behalf of the Tiger Company, followed a similar course with that of Mr. Dickson. He stated that in consideration of $1000, $400 of which was paid, the remainder on time, it was agreed to hand over into the full possession of the Department the Tiger fire engine. He remarked that as the citizens felt an interest in the proceedings, it was resolved to make the ceremony as formal as possible, and the Tiger Company honored him with the task of carrying out its wishes. Mr. Duck went on to say that the formation of the Tigers was coeval with the history of the country, and when the Company was formed in the earliest history of it, they then numbered as now, 65 members. Their first apparatus, after going the rounds of nearly every State in the Union, at last found its way here, anything being thought good enough for a Crown Colony of Great Britain. [Laughter.] He would state that the Department kept pace with the city and with the world. Each member had contributed by fees, fines, etc., so that in time a sum of $1200 was in their hands, and not wishing that it should lie idle, resolved to purchase a steam fire engine; the Government remitted the duties, amounting to $750, and with the assistance of the public this was how the Tigers came into possession of their engine. The Company paid $1000; then they had to contribute something more, and were now willing to place their engine into the hands of the Department as before stated, and he hoped it would meet the approval of the people. Safety demands that a steam fire engine should be handed over into the hands of the Fire Department, in whom they had full confidence that it would guard against all accident. It remained for him to carry out the wishes of the officers and members of the Tiger Company, by transferring their engine to the Department.

Mr. Gowen, again, on behalf of the Board of Delegates, received the steam fire engine of the Tiger Company; and in receiving it, he was satisfied the proper officers of the Department intended to hand her back to be taken charge of by the Tiger Company; although it still belonged to the Department, yet it was well known that the Tiger Company were the proper persons to take charge of her. He hoped the Tigers would not forget their motto, "Onward and Upward," when called upon to do their duty. [Hear, hear.]

Mr. Gowen then addressed the Chief Engineer, handing back the two engines into the charge of the respective companies.

The Chief Engineer returned his thanks to the President and members of the Board of Delegates for the confidence reposed in him. He had equal confidence in the officers and members of the Deluge Company that they would do their duty as men.

Mr. Frank Saunders, Foreman of the Deluge Company, returned thanks for again giving into their charge their steam engine, although it had become the property of the Department.

Mr. Hart, Foreman of Tiger Company, No. 2, in reply to the Chief Engineer, who had given into the charge of the Tigers, the steam engine of that Company, thanked the Chief Engineer, and stated they would always be found at their post.

This closed the transfer of the engines named, and the firemen again took their proper position and marched to the City Hall, where were waiting the Hon. Attorney General and Hon. Provincial Secretary, members of the Executive Council; His Worship the Mayor and City Council, besides a large number of citizens. The guests of the F. D. were here introduced to their new friends by Delegate Jenkinson, and which when done, the Chief Engineer accompanied them, together with the Executive Council and the Mayor and Municipal Council, to inspect the Fire Department apparatus, and with which they were well pleased.

Hon. Mr McCreight, Attorney General, was called upon to speak. He complimented the Department on its efficiency. He alluded to the immunity of the city from fire, which was to be attributed to the courage and zeal of the firemen, yet the Department was limited in its power by the supply of water. He was now happy to state that the cost of bringing into the city a supply of wholesome water was not so great as was anticipated. During the past few months a competent engineer had been surveying with a view of bringing in a supply from the lakes. He had now fixed upon Elk Lake to supply the city, at a cost which would not exceed $100,000, and would be sufficient to bring in water for a population four or five times greater than the present. This gentleman (Mr. Bulkely) would recommend that a private company undertake to carry out the work. None like taxation, the A. G. said, but in view of the prosperity of the city, from the terminus of the railway, the Esquimalt dry dock, an increased trade thereby; under the circumstances it would be foolish parsimony of the people to object to taxation in order to in roduce a wholesome and plentiful supply of water. Hear, hear.) He would again bear testimony to the admirable state in which the Fire Department was in, and thanked the officers and members for their invitation to meet them.

Hon. Mr. Robertson, Provincial Secretary, was next called upon to make an address. As a member of the Government and as a citizen, he expressed the satisfactory feeling of security that he had in the effectiveness of the Fire Department. He concurred with the Attorney General in the necessity of a large supply of water. In less than a year he hoped to be able to compliment the city on the introduction of a full supply. Mr. Robertson, on behalf of the Government, returned thanks for the invitation to meet the gentlemen of the Fire Department.

His Worship the Mayor said he was not a man of words, but was one of work. He referred to the part the Council took in introducing a Water Bill into the Legislature. He thanked the Fire Department for their kindness in calling upon the Mayor and Council to inspect them, and on behalf of the city, he would return thanks to the gentlemen from Olympia and New Westminster who kindly assisted in the escort.

Councillor McMillan also spoke.

Mr. Jenkinson, delegate of the U. H. & L. Co., then made some observations by explaining for the benefit of the public generally, the nature of the working of the Fire Department. He said it was in a better financial position than ever before.

A gentleman of the Olympia deputation briefly returned thanks, remarking that owing to circumstances they were sorry they could not respond to the invitation as fully as they should wish.

The New Westminster department, it was hoped, would take another occasion to be present in larger force on some future time; they were close neighbors.

Mr. Gowen said that closed the proceedings and would place the members present in the hands of the Chief Engineer for the balance of the day.

"Uncle Frank" Richards then closed by proposing three cheers for the undermentioned, which we need hardly say was responded to most heartily: The Queen; Governor Trutch; the Executive Council; one more for the Mayor and Council; also for Sir James Douglas a warm supporter of the Department, "Frank"; once more, "three for our invited guests; another one, have you got any more wind left? three for the press."

The various companies re-formed, marched and dispersed in the order named in yesterday's programme. The guests were then taken out by their friends and driven around the suburbs of the city in carriages and omnibusses.

THE BALL.

The day wound up with a ball at the Alhambra which opened at 9 o'clock, and was attended by a large number of ladies, the firemen in their showy uniform, the members of the Olympia and N. W. deputations, the Washington Base Ball Club, also the Olympics of Victoria, together with a large number of citizens. Twenty-four dances were arranged on the programme, and Haynes' band furnished the music of the evening. Alhambra Hall was gaily embellished with flags representing the chief nationalities; and intertwined and festooned throughout the hall were the banners and emblems of the several fire companies of the city. When the first part of the programme was over, the company adjourned to the supper table, which had been laid in the spacious room of the St. Nicholas Hotel, for two hundred and fifteen persons. The guests again left and resumed the mazy dance, and kept it going until several hours after midnight.

Police Court.

(Before A. F. Pemberton, Esq.)

THURSDAY, Sept. 5th.

Edward Monterey, a half breed was arrested by Officer Clarke and brought up in Court charged with supplying intoxicating liquor to an indian woman. Case remanded for one day.

Charley, alias Chumkan, a Saanich indian, given in charge to above named officer by Mary Williams, an indian woman charged with breaking open the door of her house, and maliciously destroying the furniture of the said Mary was remanded one day.

A stragg er from the Scout was ordered to be delivered over to the ship.

Licensing Court.

(Before A. F. Pemberton, A. J. Langley, and W. F. Tolmie, Esqs.)

THURSDAY, Sept. 5th.

Application was made to Dr. Tolmie (in accordance with a new interpretation of the Act) by M. Rowland for permission to sell liquor at the Bridge Tavern. It was refused.

An application addressed to A. J. Langley, Esq., also in accordance with a recent interpretation of the local act was granted.

The 5th Sec. of the Ordinance of 1867 says: No licence shall be granted to any person for the sale of * * * by retail, unless by the certificate of a Justice of the Peace * * *

PROGRESS IN IRELAND.—The Cincinnati *Commercial* is not very favorable to Ireland or the Irish. But in a late number it reviews the condition of that land and contrasts it with that of England and Scotland, and remarks:—Ireland is a country of startling anomalies. Though much poorer than England, her paupers are but as one to seventy-five of her population, while England's are as one to twenty, and Scotland's one to twenty-three; her taxation is one-half less or as two dollars and fifty-six cents *per capita*, to England's five dollars and six cents *per capita*; her sanitary condition is greatly superior, and epidemics, like small-pox, are almost unknown, because of better laws more strictly executed; she has also had, for many years, a much superior system of common school education than England; her Poor Laws are better administered; crime is decidedly less, and she has shown more material progress within the last ten years than any other European country.

THE Circus gave a closing performance last evening to a house fairly attended. The company will leave by the North Pacific this afternoon, and will appear at Port Townsend this evening; afterwards at Port Gamble, Steilacoom, &c.

The Shooting of an Indian Woman

Yesterday afternoon word reached Inspector Bowden of the Police force, that an indian woman had been shot on the Espuimalt road He proceeded at once to enquire into the facts and found the woman in the bush about fifty yards this side of the Rock Bay house, where she lay groaning and weltering in gore from the effects of a bullet which entered her breast and came through on the opposite side of her person. He placed her in a trap to take her to town to procure medical attendance, and shortly afterwards came upon the murderer, a man named William Hill whom he found on the road only a short distance the spot where the tragedy took place. Of course the man was arrested and lodged in jail. The woman was alive last evening and was attended by Doctors Powell and Helmcken; she was sufficiently conscious to recognise the person who fired at her. It is said they lived together on the other side and afterwards came over here. Twenty minutes didn't transpire from the time Mr. Bowden received the intelligence of the shooting, and the incarceration in jail of the assassin Hill.

Washington Territory.

The Olympia *Tribune* learns that a new steamboat route is to be established, having Tumwater and Oakland as its terminal points, and that the Chehalis will be put on to run Carpenters, masons, painters, and artizans generally, are fully employed in Olympia.

Last Thursday evening the twenteth annual convocation of the P. E Church of the diocese took place in Portland. The Bishop's address says that over $22,000 have been expended the past year by this church for the maintenance and furtherance of the Gospel in Oregon and Washington Territory.

The twentieth annual Conference of the M. E. Church for Oregon and Washington met at Salem on Thursday, August 29th, and adjourned Sept. 3d. Bishop Foster presided. Amongst other things, permission was granted to sell church property at Steilacoom and Tumwater. Rev. A. C. Fairchild, for the last two years stationed in Olympia, has been appointed to Seattle, and Rev. Wm McPheeters assigned to the charge at Olympia.

The Base Ball Match To-Day.

The members of the Washington Club of Olympia who will engage our Base Ball Nine to day are: L. A. Treen, J. Norwood, S. Lowe, A. Harker, J. B Huntington, R. G. O'Brien, F. A. Treen, C. McFadden, and B. W. Washington. The game will commence at Beacon Hill to-day at 10 a m. The North Pacific will remain over until the close of the match in order to take back the Washington Club. A large number of persons are expected to be present to witness this interesting International contest, and it is hoped our boys will retrieve the laurels which they had plucked from them whilst contending at Olympia a short time since.

The Water Supply.

The Hon. Mr. McCreight took occasion to state yesterday, in addressing the Fire Department, that the Government Engineer had fixed upon Elk Lake from whence to supply pure water for a city of four or five times the population of Victoria, and that the expense of bringing it in was set down at $100,000. It is believed that a private company should undertake the work. Hon. Mr. Robertson hoped that by this time twelve-months we should see the city with a plentiful supply of good water.

LATEST FROM THE NARROWS.—Extract of a letter recently received in town:—"VALDEZ, ISLAND, August 23, 1872.—Mr. Michaud has been out exploring the pass I spoke of, and he finds a channel from 1,500 feet to 8 miles in width, through a place that is laid down on the Admiralty chart as an island. This is very discouraging, but he says it can be bridged. We are going to sound there next week, and if we find it all right to build a bridge, the work will continue, but if the contrary, we return to Victoria at once, which I hope may not happen."

OUR GUESTS.—A deputation of the Olympia Fire Department, together with the Washington Base Ball Nine of that city, arrived in town yesterday by the North Pacific, accompanied by the Olympia Cornet Band. When nearing the wharf the band struck up a lively air. A deputation from the Victoria Fire Department and the Olympic Base Ball Club went on board the steamer to receive and welcome their guests; shortly afterwards both bodies joined with our firemen in the formal parade, held for the transfer of the steam engines to the Department.

WASHINGTON BASE BALL CLUB.—The W. B. B. Club will play their match game against the Olympics of Victoria, in the home of the latter, at 10 a. m. next Friday, and will return the same day to this city, the steamer being detained until three p. m. for their benefit. The boys anticipate an easy victory unless the Victorians have improved magically since the fourth of July. Of course we want our boys to win; but if they do not, their admirers should consider that they are deprived of the services of two of their most skillful players, a circumstance which may turn victory against them.—*O. Tribune.*

CAPITAL PUNISHMENT.—The British House of Commons rejected a bill for the abolishment of capital punishment. The report of the Minister of Justice of Tuscany was cited to prove that since the death penalty had been abrogated in that State, the murders had nearly doubled, and that most of them were committed for the sake of plunder. The experience in most countries has been, that to extend undue leniency to criminals is to increase crime.

SITKA.—The Wright, which arrived at Portland from Sitka last week, brought down a Russian named Ferraeta Savaloff, who was arrested by the military authorities for having introduced and sold whisky upon Indian Territory. The prisoner was in charge of two U. S. soldiers. He was committed to await the action of the Grand Jury.

FROM PUGET SOUND.—The North Pacific arrived at 12:30 p. m. yesterday from the Sound with a large number of passengers, and are as follows: B. Marril and wife, C. Burnesh and wife, Miss J. Shelton, Mrs. Stockin and children, Mrs. Gosnel and children, Mrs. Galzert, Miss Clarke, S. D. Howe, Miss Lyons, Capt. Tutter, Messrs. Washburn, Jones, L. A. Treen, F. Treen, B. Huntington Harker, McFadden, Bonswood, Bagley, Miss Huntington, Miss Hicks, Mr. and Mrs. Pollack, Mrs. McCausland, Messrs. Nesfield, Obergan, Trainer, Chapin, Blink, Seeley, Coffin, Guy, Smalby, Austin, C. W. Lowe, C. S. Lowe, Tolentire, Burr, Smith, Wood, and White.

A DINNER to the Washington Base Ball Club was given by the Olympics last evening at the Oriental. Thirty-six gentlemen sat down to a substantial repast, furnished by Mr. Eden White. After the cloth was removed the toast of "the Queen" was given by Mr. Joshua Davies, the President of the Olympic Club of this city, which was responded to by Mr. Tuttle. The President of the Washington Club of Olympia. The toast of the evening, "The Washington Club," was given by Mr. Davies, and was responded to by Mr. Tuttle. After spending a very pleasant evening the company separated to attend the Firemen's Ball. The dinner hall was draped with the English and American flags.

MUSICAL.—At Mr. Seeley's, James' Bay bridge, may be seen the latest novelty in musical instruments; it is in the shape of a dual organ. Mr. Seeley has combined with a large barrel organ a key organ which he has himself manufactured, including the pipes, which number over one hundred. The barrel instrument plays thirty tunes, and includes dance, sacred, and other music. The workmanship of the case is handsome and this is composed of Island oak, and maple; altogether the work is a very creditable production.

WRECK.—The sloop Alarm, Capt. Boyce, a regular trader between San Juan and this port, while on her way from San Juan on Wednesday night, laden with lime, struck on the reef of rocks which extend some distance out from Trial Island. The sloop almost immediately sank, and the cargo, (lime) by the action of the water took fire. The sloop is a total wreck, but some of her sails and gear were saved.

THE Oregon Legislature will convene in Salem on Monday next, 9th inst. In the Senate the two parties are a tie; in the House the republicans have a majority of 13.

FOR THE MAINLAND.—The Enterprise will leave for New Westminster at ten this morning.

Immigration.

LETTER FROM A FORMER BRITISH COLUMBIAN.

SAN FRANCISCO, August 4th, 1872.

I am surprised at the diffidence exhibited by the British Columbians compared with the exertions of the Press and Legislature of the State of California to promote Immigration, and induce Immigrants to settle in California in preference to going elsewhere. As an example, the State of California has voted over $300,000 for Immigration purposes, have organized the "California Immigration Union;" and the said Union have published a full and detailed account of the resources of each and every county in the State, describing the character of the land, and giving (as you will see by the copy I send you) the mineral and agricultural wealth; the area; the number of inhabitants; and the location of each county; how land can be obtained; the inducements offered; and the address of the agents, who, when called upon, render all the assistance they can, and give such further information as may be desired. They also give the best routes from all parts of the world to San Francisco; and upon the arrival of Immigrants in San Francisco, the agents of the Union render such assistance as they deem best for the prosperity of the State, whereas the British Columbian Parliament have voted only $10,000 for the purpose of inducing Immigrants to settle in British Columbia; and unless they take means to bring the resources of British Columbia before the notice of Immigrants, the $10,000 will be productive of but little good. I see by to-day's paper that an Emigration is setting in from Germany, Austria, and Ireland, computed to amount to 40,000 souls, some of whom are bound to Canada, some to California, and in fact to different parts of the North American continent. Many, if not the larger portion of them, will, upon their arrival, look around for a home, and wherever most inducements offer, there they will go and settle, building up and adding to the wealth and prosperity of the country.

The Emigration from Ireland to America has commenced, and the steamers are crowded to their utmost capacity with people leaving the old, to search for a home in the new world; all having from a few dollars to one thousand and upwards, for the purpose of investment, and the Emigrants consisting of the better class of the Irish people.

A company has been formed in England for the purpose of purchasing 300,000 acres of land in California, to be colonized by Emigrants from the old country. The Prince Alfred on the 22d of May took up men who sold farms in the West, but who were attracted by the superior inducements offered by the Pacific Coast; took passage on the Prince Alfred for the purpose of visiting Puget Sound from Olympia down, for the purpose of finding a suitable location before bringing their families. These are not isolated cases; steamers from the Colonies bring numbers of old country people seeking land and homes on this side. I have resided here in San Francisco for three years, and know from my own personal observation, that many would settle in British Columbia, if they could obtain the desired information in relation to that country, but it seems to be a *terra incognita* to new arrivals, who have not had friends to afford them the information as to the character of the country, its resources, etc.; and for want of that information which, if they could obtain, would induce many of them to settle in British Columbia, they turn to that part of the country that is brought to their notice.

I have written this under every disadvantage, as you know the character of the business I am engaged in, prevents me for the present, from giving the matter that attention which I should like to give it, and for that reason I trust you will excuse me for not going into the matter more fully in this letter; but what I wish to offer is that I will do all I can to diffuse information in regard to the Colony, if you will furnish me with the material to do so. Say plan of the City of Victoria, maps of the districts of Vancouver Island and British Columbia, and the laws and tariffs, and any and all information bearing upon the subject matter of this letter, which you will understand without my entering more fully into the details.

Since my residing here, I have associated myself with the British Benevolent Society, and have not only renewed many old acquaintanceships, but have formed the acquaintance of many of the recent arrivals from the old country.

FAIR PLAY.

General Dispatches.

LONDON, August 30—Gen. Sherman visited Glasgow on Wednesday. He sails for home September 5th.

The discharge from custody of a solicitor of Belfast, who was arrested for alleged participation in the riots, caused threatening demonstrations yesterday. A large crowd gathered in the vicinity of the Court House, but was dispersed by the police without opposition.

Recent failures have had the effect to flatten consols and cause a general feeling of insecurity in financial circles.

ST. PETERSBURG, August 30—The cholera has appeared in the western part of the Empire.

LONDON, Aug 30 It is stated that the evidence at Marshal Bazaine's trial, now progressing at Paris, shows that a traitorous correspondence existed between Bazaine and the Germans before the surrender of Metz.

GENEVA, Aug. 30—It is reported that there is a great diversity of opinion among the members of the Board of Arbitration on questions of principle, and endeavors are making to settle differences, so that the final decision may be unanimous.

SAN FRANCISCO NEWS.

SAN FRANCISCO, Aug. 29—The state of the weather in San Francisco is said to be remarkable for this season of the year; cloudy, with strong indicationst of rain.

The shipping masters of San Francisco are growling about the new shipping regulations, which they claim affect their business very unfavorably.

Heavy rains are reported in the Yosemite valley, which have swollen the streams beyond their banks, and much damage is expected.

Thirty-eight members of the recently deceased Committee of One Hundred met in San Francisco yesterday, and took some action relative to the matter of subsidies which has not yet been made public.

SAN FRANCISCO, Aug. 30—The San Francisco Pioneer Woolen Factory has recovered judgment for $396,194, double taxes which they paid Frank Soule, Collector of Internal Revenue, under protest, in 1865, '66 and '67. The tax was collected on flannels made at the factory expressly for immediate conversion into underclothing at the factory, and another tax was then collected on the manufactured garments, which was more than the company would submit to.

PACIFIC COAST AND INTERIOR NEWS.

SAN FRANCISCO, Aug. 29.—The report from London that the so called Arizona diamonds were purchased there, which was received by telegraph to-day is pretty generally credited here.

Sixty-five thousand gallons of California and San Francisco sugar refiners' syrup was sold at auction to day, all but 150 kegs bringing 45 cents per gallon.

The newly-discovered mine at Mountain City, Nevada, is said to be very rich. An assay from the poorest ore assays $1,500 silver, and $175 gold.

Subscriptions to the Atlantic and Pacific Railroad stock, now aggregates $1,628,300. Number of subscribers, 2,153.

The Diamond Company have fitted out twenty men, under the command of Captain Mike Gray, who will leave San Francisco for the diamond fields via Los Angeles. The men are sworn to secrecy, and are to do the square thing by the Company. No swallowing of big diamonds or similar tricks will be allowed.

Salt Lake will be supplied with coal from the Evanston mine at $6 per ton.

Work on the Mormon Temple is being pushed forward with vigor.

The Quebec Riots.

QUEBEC, August 9.—The verdict returned by the jury last night, in the David Gandie murder, was wilful murder against Jean Lord and other parties unknown; and the jury recommend further strict investigation.

The excitement is increasing. Last night several hundred of the French-Canadians from St. Roch marched up to the Upper Town singing the "Marseillaise" and various other revolutionary songs. They were met in Ursule street by a number of Ross supporters, who defeated them and chased them back to St. Roch.

An alarm was conveyed to Diamond Harbor last night that a body of men were moving down to clear out the locality.

It is stated that the people of Champlain street refuse to allow the French Canadians to work in the Coves, and it has been resolved by the French Canadians to march up there and take forcible possession of the place. It is feared that bloodshed will be the result. Preparations for war were made at Diamond Harbor last night, and in less than half an hour about eight hundred men, all armed, were massed in Champlain street. Several field pieces stored in the neighborhood were brought out and planted so as to command all approach, while guns were obtained from steamships and placed in position.

The Harbor was made ready for an attack, but fortunately for the peace of the city there was no occasion for all the preparation, as no attacking body had been massed.

About midnight a large party of the residents of Diamond Harbor came down to the *Chronicle* Office and gave cheers for the *Chronicle*, Mr. Foote, and the gentlemen of the staff. Quite a salute was fired. The party, after paying these compliments, went back to their homes singing lively choruses.

It is stated here that Sir Francis Hincks will come forward for Quebec East, Mr. Tourangeau resigning, and taking the place of Postmaster, Mr. Huot, who will replace Mr. Dunscomb as Collector of Customs. Mr. Ross will oppose Sir Francis Hincks, and Mr. Rheaume is to be named Recorder of this city.

MARAVILLA COCOA.—NO BREAKFAST TABLE IS COMPLETE WITHOUT THIS DELICIOUS BEVERAGE.—The *Globe* says, "Various importers and manufactors have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success has been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate Steam Mills—Brick Lane, London. Export Chicory Mills, Bruges, Belgium. *

SOLUBLE CHOCOLATE made in one minute without boiling. The above articles are prepared exclusively by Taylor Brothers, the largest manufacturers in Europe, and sold in tin-lined packets only, by Storekeepers and others all over the world. Steam Mills, Brick Lane, London. Export Chicory Mills. Bruges, Belgium.

☞ Memory presides over the past. Fell's Coffee over the present. The first lives in a rich temple hung with glorious trophies, and lined with tombs. but Fell's Coffee has but one shrine and that is every breakfast table Its aroma walks the earth like a spirit and can be found for sale at every respectable dealers in British Columbia. Beware of spurious imitations. ly *

THE ONLY COMPLETE BOOK-BINDERY NORTH OF SAN FRANCISCO.—The undersigned is prepared to turn out a superior class of work. Magazines, newspapers, etc., bound with dispatch. The most difficult forms of ruling done. Cheques or receipt books numbered and perforated. Charts or maps mounted on linen suitable for the pocket, and drawing paper mounted by the yard or in sections ROBERT T. WILLIAMS, at T N. Hibben & Co.'s

WE wonder what induces David Green the clothier of Government street to advertise, as everyone is aware that he keeps the best fashionable made clothing store north of San Francisco. *

A. GILMORE, Merchant Tailor, has remove his place of business to the store adjoining the Colonial Hotel, Government street, four doors from Yates street, where he is prepared to sell, at reduced rates, Custom Made Clothing and Gents' Furnishing Goods. Also, Garments made to order, according to the Latest Styles. *

NOTICE.

HOUSE OF ASSEMBLY,
2nd August, 1872.

(*Extract from Rules Relative to Private Bills.*)

50. All applications for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road, or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam, or Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application, to be published as follows, viz:—

A notice inserted in the British Columbia Gazette, and in one newspaper published in the District adjected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

51. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is presented to the House, the person or persons intending to petition for such Bill, shall, upon giving the notice prescribed by the preceding Rule, also, at the same time, and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw bridge or not, and the dimensions of the same.

CHARLES GOOD,
se4 *Clerk of the Legislative Assembly.*

PROVINCIAL SECRETARY'S OFFICE,
30th August, 1872.

WHEREAS by a Notice from the Colonial Secretary's Office, dated the 14th July, 1869, the Districts of North and South Saanich were created a School District, under the title of "The Saanich School District;"

And whereas it is advisable to alter the boundaries of the said District;

And whereas provision is made in Section 6 of "The Public School Act, 1872," for the Lieutenant-Governor in Council to alter the boundaries of existing School Districts;

Notice is hereby given, that the boundaries of the said Saanich School District are hereby altered as follows:—

The Saanich School District shall comprise all that District known on the Official Map as South Saanich, and such portion of the District known as North Saanich as lies between a straight line drawn from Saanich Arm to Bazan Bay, along the centre of the road crossing the District at Brown's Farm, and the boundary of the District of South Saanich, as laid down on the Official Map of the said District.

By Command.

A. ROCKE ROBERTSON,
au4 *Provincial Secretary.*

PROVINCIAL SECRETARY'S OFFICE,
29th August, 1872.

WHEREAS the Lieutenant-Governor in Council is empowered under "The Public School Act, 1872," to create School Districts in addition to those already existing and to define the boundaries thereof: It is hereby notified that His Excellency has been pleased to create an additional School District on the Islands known, severally, as Gabriola and Mudge, which have been incorporated, under the name of the "Gabriola School District."

By Command.

A. ROCKE ROBERTSON,
se4 *Provincial Secretary.*

"The Registration of Births, Deaths and Marriages Act, 1872."
NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN, that from and after the 1st day of September next, all Births, Deaths and Marriages, within the Province of British Columbia, are to be Registered under the provisions of "The Registration of Births, Deaths and Marriages Act, 1872," at the office of the District Registrar of the District wherein the same respectively shall take place, and within the times following, that is to say:

BIRTHS—Within 60 days from the date thereof.

DEATHS—Within 30 days after interment.

MARRIAGES—Within 90 days from the date thereof.

Every Householder, Head of a Family, Clergyman, Physician, or other person or persons, required by the said Act to report Births, Deaths and Marriages, who refuses, or wilfully neglects to do so, within the times before named will be liable to a penalty for each and every offence of not less than Five dollars or more than Twenty Dollars, to be recovered with costs before any Justice of the Peace having juristiction within the locality where any such offence is committed against the said Act.

By Command,
